BENQ 55" 1.8MM FRAME DESIGN ULTRA-NARROW FRAME DISPLAY | PH5502

Flexible color temperature adjustment to attract images

- With the perfect perspective of BenQ's evolution, it allows smart signs to adjust the color temperature in a flexible way. Evolving from the previous 4-level adjustment, the new perfect view ensures that the remote control is used to fine-tune the color temperature, thereby cleverly recording the displayed color to show the desired effect of your product. The image on the smart panel will become the eye-catching focus and immediately attract your customers.
